

Don't Let Congress Strip
Health Care Coverage
From Working People!

Are you aware that changes in the Affordable Care Act (ACA) will affect **YOUR** health insurance?

Republicans in Congress are rushing to approve legislation with breathtaking speed that would repeal health care coverage, increase premiums, and threaten access for Americans with pre-existing conditions.

- **How important is health care to you and your family?**
- **Isn't it time to set aside party loyalty for the good of the country?**
- **How much MORE of your paycheck are you willing to give up for healthcare?**
- **What is going to happen to the small rural hospitals if the ACA goes away?**

If these issues are important to you and your family, please contact your Congressional Delegation to vote against legislation that would strip Health Care Coverage From Working People!
