

The ND-PAC Committee has endeavored to serve our brothers and sisters in Local 647 by endorsing and supporting candidates that support the energy industry that we work in and share our union position on political issues. The PAC Committee developed a questionnaire for all candidates to fill out and return before any support or endorsement would be provided. A candidate who did not return the questionnaire or scored poorly did not get support regardless of party affiliation.

The following is a list of candidates that met the threshold established by the PAC Committee to be endorsed by Boilermakers Local 647.

I would also like to thank all the members that took the time to attend the PAC meetings and stepped up. Your participation was very much appreciated.

Stacey Bendish

North Dakota Political Director

Lodge NO. 647

Endorsements were determined by responses to the questionnaire returned to the Boilermakers Local 647 ND PAC.
